Mission

A unique self sustaining model of service (seva) through Hospital service, Education projects, Community initiatives and Ashram seva

Vision

To bring about global awareness and empower youth, to ultimately create a generation of inspired and service motivated adults.

4 Key Areas

1. Hospitals

Serve in one of JKP's charitable hospitals offering free comprehensive healthcare to the community at large.

2. Schools / Education

Serve in one of JKP's schools focused on providing girls with high quality education from K4 to Masters.

3. Community & Public Health Projects

Serve through various community and public health projects in the surrounding villages.

4. Ashram

Serve in areas such as communications, operations, farming, decorations, technology and complex engineering of ongoing projects.
